

BOSQUE DE MATASNOS

El vino con alma de Bosque
Wine with the soul of the Forest

Tasting Notes

TEMPRANILLO-MALBEC 2014

WINE FROM A SINGLE PLOT

They say that no other winery in the history of the Designation of Origin had achieved it. Produce a 75% Tempranillo and 25% Malbec wine in Ribera? They also say that being the first is a marvellous problem to have.

COLOUR

Brilliant, garnet red.

NOSE

Really intense aromas. Black fruit appears, well-defined and with really clean aromas, also red fruit superbly integrated with balsamic and elegant, fine spices. Floral, notes of lavender, earthy.

TASTE

A slightly sweet, fresh, lingering start, at the same time intense and persistent. Very elegant and smooth tannins. Fruit, predominantly black, reappears with excellent spices and notes of liquorice in aftertaste. Interesting mineral flavours from its Bosque de Matasnos origin. A wine to take time over. Exceptional and with magnificent acidity, difficult to determine its origin through blind tasting. EXCEPTIONAL.

PAIRING

With all types of meat and stews, this wine is the perfect pairing with game and white meat, both traditional dishes and modern cuisine with delicate aromas. Truffle dishes are perfect because of their earthy aromas.
