

BOSQUE DE MATASNOS

El vino con alma de Bosque

Tasting Notes

SYRAH DE MATASNOS 2016

WINE FROM A SINGLE PLOT

They say that there can be only one monovarietal in the family and it is made with 100% of this variety of grape. It is empirical proof of the quality of our Bosque and its soils.

COLOUR

Deep picota cherry red, brilliant and clear. Intense colour.

NOSE

From intense to highly intense with red and black forest fruits. Interesting spices can be discerned, dark-roasted and earthy aromas, lightly balsamic and floral, a background of violets. Toast from the barrel. Complex and interesting.

MOUTH

Sweet, full-bodied, flavoursome and at the same time elegant. Rich and complex. Red fruits, clove, light touches of vanilla and roasted notes.

An elegant and interesting wine, characteristic of the Bosque de Matasnos estate. Wine from a single plot.

PRODUCTION

Low yield per plot, harvested in 12-kilo crates and transported chilled to the cellar to remain cooling overnight. The next day, double table selection, by bunch and grape by grape. Fermented at low temperature with selected yeasts from Bosque de Matasnos.

Malolactic fermentation in new 225-litre American oak barrels and ageing in 500-litre barrels, prepared for first use with Blanco de Matasnos.

Remaining in the barrel only enough time to express its fruit and origin.
